

USS DESTINY NCC-97301

CONTINUAL MISSION • RULES OF ENGAGEMENT

The Continual Mission is a shared story created by the crew of the USS Destiny. Everyone is welcome to participate. These guidelines keep the roleplay moving, make room for every writer, and ensure that each mission remains fun, collaborative, and worthy of the Destiny.

01 // ALL MAY PARTICIPATE

The Continual Mission is open to all members. You do not need to be an experienced roleplayer or writer. Jump in, find your character's place in the scene, and help us build the adventure together.

02 // RESPECT THE CREW

Treat every participant and their ideas with respect. Roleplay is collaborative: give others room to contribute, welcome different writing styles, and remember that the goal is to create something together.

03 // ONE PARAGRAPH AT A TIME

Keep each response to one paragraph at a time whenever possible. This gives other players an opportunity to react, prevents one person from controlling the scene, and keeps the story easy to follow.

04 // CONTROL YOUR OWN CHARACTER

Do not write dialogue, actions, decisions, thoughts, injuries, or outcomes for another player's character without their permission. Set the scene and leave space for them to decide how their character responds.

05 // STAY WITH THE STORY

Keep posts connected to the current mission, scene, and established continuity. New ideas are encouraged, but they should add to the story rather than pull it away from what the crew is building.

06 // ADD — DON'T OVERRIDE

Build on what other players have written. Introduce discoveries, complications, humor, character moments, and new possibilities while respecting what has already happened.

07 // ONE-MONTH MISSIONS

Each Continual Mission story runs for approximately one month. This keeps the adventure moving toward a conclusion and gives the crew regular opportunities to begin something new.

08 // THE STORY BECOMES PART OF DESTINY

At the end of each mission, the completed roleplay is compiled and published as part of the USS Destiny's continuing story. What you contribute becomes part of the adventure we preserve and share.

09 // HAVE FUN

Above all, enjoy yourself. Explore your character, take chances, interact with your shipmates, and help create the kind of Star Trek adventure you would want to read.

**ALL ARE WELCOME • BE PART OF THE MISSION
TO THE FUTURE — TO THE STARS**
